Technica Corporation is a Veteran-owned, Minority-owned, Small Business (NAICS 541712, 517110) that has developed a reputation for excellence in providing quality engineering services and solutions to the US Federal Government. Founded in 1991, Technica's charter is to support the US Federal Government and its partners with top-notch engineering talent focused on high-end IT solutions with a strong emphasis on emerging technologies and agile software development. Technica carries a Top Secret facility clearance, and two-thirds of its 180 employees are engineers dedicated to supporting its Government customers.
